SPECIAL HOLBOX TOUR

On this tour, the activities of the 3 Islands Tour are replicated with an added bonus: a mini fishing session from the boat. This tour is ideal for both beginners and experienced anglers who want to spend a fishing day in the crystal-clear waters of the Mexican Caribbean.

The tour usually starts in the morning, departing from Holbox Harbor. The route may include various fishing areas, such as sandbanks, nearby reefs, or mangrove zones. The mini fishing session in Holbox Island provides a great opportunity to practice fishing in a natural and relaxed setting. Additionally, the captain will prepare the freshest ceviche with the catch of the day.

*SPECIAL SPECIFICATIONS

DURATION: 4 hrs

INCLUDES: Pick-up & drop-off at the hotel, water and sodas (with an option to add guacamole)

CABO CATOCHE TOUR AND SNORKELING

Cabo Catoche is a secluded paradise at the northeastern tip of Holbox, where pristine beaches, crystal-clear waters, and rich marine life create a serene retreat. This journey begins with a short fishing session, offering the chance to catch local species while surrounded by the beauty of the Caribbean Sea. Depending on the season, you may spot dolphins, sea turtles, and tropical fish. Next, snorkel in vibrant coral areas, where excellent visibility allows for an immersive view of marine biodiversity. Afterward, unwind on the untouched shores of Cabo, swim in its calm waters, or relax in a hammock while enjoying a freshly prepared ceviche. The final part of the tour leads into the surrounding mangroves, an essential ecosystem home to a variety of wildlife, including flamingos, pelicans, and herons. These quiet waterways offer a peaceful setting to observe nature's harmony, making Cabo Catoche an ideal place to connect with Holbox's natural beauty.

*SPECIAL SPECIFICATIONS

DURATION: 6 hrs

INCLUDES: Pick-up, drop-off at the hotel, water and sodas (with an option to add guacamole), ceviche, and snorkeling equipment

WINTER SEASON NOTES:

Snorkel visibility should be monitored carefully as it can be variable from day to day.

SUNSET KAYAK EXPERIENCE

This is a magical experience that combines exploring one of the region's most fascinating ecosystems with the beauty of sunset. This excursion is ideal for those seeking a tranquil and contemplative experience in nature while enjoying stunning views. The tour takes you through the mangrove channels, allowing enough time to appreciate the natural surroundings before sunset.

The mangroves around Holbox Island form a network of channels and plant formations that create a unique ecosystem. As you navigate through these areas, you can take in the natural beauty, observe local wildlife, and admire the diverse vegetation and marine life. The golden light of the setting sun reflects on the water, creating breathtaking landscapes and a peaceful atmosphere—perfect for relaxing and embracing the serenity of nature.

*SPECIAL SPECIFICATIONS

DURATION: 3 hrs

INCLUDES: Pick-up, drop-off at the hotel, water and fruit.

SUNRISE KAYAK EXPERIENCE

This tour offers a peaceful way to start the day, combining the calm of sunrise with the natural surroundings of Holbox's mangroves. Departing just before sunrise, the journey begins near the mangroves, where guides lead the way through narrow channels and winding paths. Paddling at a slow and steady pace, you will move through calm waters, taking in the quiet beauty of this unique ecosystem. The mangroves are home to a variety of wildlife, including herons, pelicans, flamingos, fish, and small crustaceans. With no rush, the tranquil setting allows for a closer look at the biodiversity that makes this area so special. The stillness of the morning and the soft light create the perfect atmosphere to connect with nature before the island fully wakes up.

*SPECIAL SPECIFICATIONS

DURATION: 3 hrs

INCLUDES: Pick-up, drop-off at the hotel, water and fruit.

DEEP SEA FISHING

This tour is an exciting opportunity for fishing enthusiasts seeking an adventure at sea. This type of fishing is generally done in deep waters and is ideal for catching large fish. The deep-sea fishing areas around Holbox Island are located in the Caribbean Sea, where deep waters and currents create ideal conditions for catching big fish. Specific fishing spots may vary depending on the season and sea conditions.

Deep-sea fishing generally includes techniques such as trolling (a method of fishing while moving), fishing with artificial lures, and bait fishing in deep waters. All necessary equipment is provided, including rods, reels, and lures. During the tour, you will have the opportunity to catch a variety of sport fish, such as sailfish, dorado (mahi-mahi), and tuna, among others.

This tour also includes a visit to Cabo Catoche, and, if visibility allows, snorkeling.

***SPECIAL SPECIFICATIONS**

DURATION: 3 to 7 hrs

INCLUDES: Pick-up, drop-off at the hotel, water and sodas (with an option to add guacamole), ceviche with the catch of the day, and fishing equipment

SAILING HOLBOX

Sailing is one of the best ways to discover islands around the world. When in Holbox, we invite you to start your stay by navigating into the ocean, accompanied by the sound of the birds harmonizing with the rhythm of the waves and the nature that envelops us in this beautiful place.

*SPECIAL SPECIFICATIONS

DURATION: 3 hrs

INCLUDES: for departing at 10:00 am, it includes water, fruit, and 2 mimosas. For departing at sunset, it includes water, wine, guacamole and some snacks.

BIOLUMINESCENCE BY KAYAK

A kayak tour to witness the bioluminescence in Isla Holbox, Quintana Roo, is a unique and unforgettable experience that allows you to explore nature in its most magical form. This tour takes place at night when the island's waters light up with bright blue flashes, thanks to bioluminescent marine organisms. The atmosphere is incredibly peaceful, free of disruptive noises, with only the sound of water displaced by the paddles and the gentle sway of the kayak. The experience offers a profound connection with nature, often evoking a deep sense of wonder as you become part of this natural light show.

End of the Tour:

At the end of the journey, you can continue enjoying the island's nighttime tranquility, whether by returning to the beach or simply relaxing under the stars.

***SPECIAL SPECIFICATIONS**

DURATION: 1.5 hrs

INCLUDES: pick-up the hotel and water.

IMPORTANT: Please note that this specific tour is not available during winter and spring due to the absence of plankton in the island's waters. The best season to witness this beautiful natural phenomenon is from June to October.
